**REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 CFR 1.323**

Dear Sir:

Patentees hereby respectfully request correction of the following typographical errors in the above-referenced patent. Specifically, the amino acid sequences assigned to SEQ ID NOs: 38 and 40 contained in the Sequence Listing of the issued patent require correction to match the corresponding amino acid sequences disclosed in the specification. The amino acid sequences of SEQ ID NOs: 38 and 40 (as referenced in claims 1 and 25 of the issued patent) correspond to the CDR1 and CDR3 light chain variable region sequences of antibody AB12. When compared to the variable region sequences of antibody AB12 described in the specification, obvious errors are apparent.

Correction of these inadvertent clerical errors is clearly supported, for example, by originally filed Figures 1 and 10. Moreover, the correct CDR1 and CDR3 sequences also are provided as part of the full length light chain variable region amino acid sequence for antibody AB12 as shown in SEQ ID NO:16 (and as referenced by claims 15 and 31 of the issued patent).

The corrected Sequence Listing contained in the enclosed proposed Certificate of Correction corrects these obvious errors. Please replace the sequence listing with the sequence listing which appears on the Certificate of Correction.

Transmitted herewith is a proposed Certificate of Correction effecting the foregoing amendments. Patentees respectfully solicit the granting of the requested Certificate of Correction.

CONCLUSION

The errors noted above include errors caused by Patentees. Accordingly, please charge our Deposit Account No. 12-0080 in the amount of \$100.00 covering the fee set forth in 37 CFR 1.20(a).

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 12-0080, under Order No. GMI-059RCE.

Dated: January 13, 2011
